

Daniel Liang

General Manager of Global Operation
TCIC Global certification Ltd.

Daniel Liang

Daniel is a co-founder of TCIC Global Certification Ltd. (TCIC), a Canadian 3rd Party Certification and Training service provider, and acts as an auditor and trainer for auditing and lecturing against international standards in information security, cybersecurity, and privacy protection. He is a pioneer in promoting Information Security Management System (ISO 27001), Privacy Information Management System (ISO 27701), Service Management System (ISO 20000-1), Business Continuity Management System (ISO 22301), and Cybersecurity Management System (IEC 62443-2-1) worldwide.

Not only on applications of international standards but also in the development of international standards, Daniel participates in Canada's mirror committees on ISO/IEC JTC1/SC27, IEC/TC65, ISO/TC22/SC32, ISO/PC317, and ISO/IEC JTC1/SC42 in support of standardization work for relevant ISO and/or IEC standards. Keeping the trend of cybersecurity in mind, Daniel is willing to share his insights with organizations, societies, and nations to enable continuous improvements.

Daniel is from Taipei and moved to Canada to establish a globalized team and he maintains good relationships with industries in the regions. His recommendations with regards to the utilization of international standards for the governance of cybersecurity for emerging technologies and applications such as Cloud, IoT, AI, Blockchain/DLT, Big Data, Smart City, Connected Vehicles, Fintech and Open Banking, and Smart Manufacturing are recognized and implemented.
